

We are very proud to share FBLA's recent efforts in giving back to the community. We have just completed our annual Sea of Hearts Fundraiser and have managed to raise over \$260 exceeding our goal of \$200. Proceeds from the fundraiser will be donated this year to the Marty Lyons Foundation, an organization that grants wishes to terminally ill children. Our members worked over-time to both raise money and fulfill Valentine heart dedications in time for Valentine's Day. Dedications are displayed on the FBLA Bulletin board across from room 200 near the library.
